BY ROAD

Directions from the M25

Stable Micro Systems Ltd. is in Godalming to the South of Guildford in Surrey. The town lies approximately halfway between Heathrow and Gatwick airports, to the South-West of London.

From any direction all major motorways and main roads connect with the M25, the orbital motorway around London. Join the M25 and then take the most convenient direction (clockwise or anti-clockwise) towards Junction 10 and take the A3 towards Portsmouth.

Shortly after passing Guildford, take the B3000 which is signposted to Godalming.

After approximately 2 miles on the B3000 take the A3100 and follow this into Godalming.

On entering Godalming switch to the detailed map below.

Directions from the A3

Leave the A3 at the exit signed Compton. This will lead you on to the B3000. Follow the B3000 through Compton until you reach a roundabout with Guildford Crematorium on the right hand side. Turn right at the roundabout on to the A3100, following the signs for Godalming. As you travel along the A3100, there is a Citroen car dealership and then The Manor Inn on the left hand side. 500m on the left is a car garage, which is immediately preceded by a turning. Turn left here on to Catteshall Road. Follow the road, cross over the canal, and 400m on the left is the turning for Lammas Road. Turn left in to Lammas Road and follow it through the houses for 300m. Vienna Court is on the right. If the car park is full then park on Lammas Road itself. The main entrance is on the other side of the building from the car park entrance.
